ADVANCE VERY SLOW

JAPANESE FORCES NOT HURRYING IN THE MOVEMENT ON MUKDEN.

FOR ATTACK ON PORT ARTHUR

PART OF OYAMA'S ARMY IS SENT SOUTHWARD TO ASSIST THE BESIEGERS.

While the Japanese are reported to be slowly advancing on Mukden there has been no fighting worthy of note between the opposing armies under General Kuropatkin and Marquis Oyama. The latter, according to the military critics at St. Petersburg, is likely to pursue tactics different from those essayed by the Japanese at Liaoyang and it is expected that the attack will come on the Russian front and flanks rather than in the form of an enveloping movement.

Definite information from Port Arthur is meager but inconclusive and minor successes there are reported. Russian spies allege that a considerable force has been detached from the Japanese army, which captured Liaoyang and sent back to aid in the operations against Port Arthur. The formation of seven Russian rifle brigades for service in the far East has been ordered.

ADVANCE ON MUKDEN

JAPANESE ARMIES MOVE SLOWLY AGAINST POSITIONS HELD BY THE RUSSIANS.

St. Petersburg, Sept. 23.—The Japanese advance towards Mukden continues slowly, according to information received by the authorities. Both official reports and press dispatches place Marquis Oyama's advance guard thirty miles south of Mukden, while stories printed in the foreign press that a great battle at Mukden has already begun are disproved by the actual development at the scene of operations.

There is no question in the minds of the Russian authorities of the importance of Mukden to the Japanese as a winter base. It is believed the Japanese will exert every effort to push out the Russians, but it is thought a serious struggle for the possession of the town is still several days distant.

The Japanese probably will have to reckon first with a stubborn defense of the Fushan mines, where the next important fight is expected to take place.

Marquis Oyama is giving up the idea of cutting General Kuropatkin's communication to the northward and contenting himself with advancing on the Russian front and flanking in such a position as to force the evacuation of Mukden and to compel the Russians to retreat further north. The whole plan of the Japanese advance shows a considerable difference from the operations at Liaoyang. At the same time it is possible that the Japanese are again making

Undisclosed Movements,

as they have successfully done in the past. According to the best information, Oyama has three armies concentrated south and southeast of Mukden, a fourth corps consisting of two divisions composed of men drafted from the armies of Generals Kuroki, Nodzu and Oku being detached to Dzhianchan, and these sending out flanking columns northward and northeastward with the object of protecting Oyama's right and at the same time driving in the Russian outposts. An enveloping movement on such a large scale as General Kuroki essayed at Liaoyang is not expected. Evidently the Japanese realize that their strength is inadequate to justify another attempt to surround General Kuropatkin, who now is stronger by two army corps than he was at Liaoyang.

The report has gained some credence that it is the intention of the Japanese to winter at Mukden if they can take the town and then hold on until an accumulation of Russian forces on their front compels them to retire to the Liaotung peninsula and Korea, the retreat in this direction, drawing General Kuropatkin after them.

Orders have been issued to prepare seven rifle brigades for service in the far East.

JAPANESE SPIES ARE ACTIVE.

Russians Unable to Veil Their Contemplated Actions.

Berlin, Sept. 23.—Captain Klado, one of Admiral Skrydloff's staff officers, has returned from Vladivostok to St. Petersburg, where, according to German correspondents, he has been giving his views of the situation. He complains that the Russians can make no plans which are not revealed to the Japanese by Chinese spies. This was the case with the design of uniting the Port Arthur and Vladivostok squadrons, which was communicated to the Japanese in ample time for them to adopt counter measures.

The action of Prince Oukhtomsky in returning to Port Arthur is described by Captain Klado as an incomprehensible

Me in view of the slight nature of the damage received by Russian ships.

Captain Klado is of the opinion that if the Japanese obtain possession of Port Arthur it will be impossible for Russia to dislodge them without the help of a powerful fleet.

Costly Russian Reconnaissance.

St. Petersburg, Sept. 23.—A detachment under General Rennenkampf, while reconnoitering Wednesday, lost two officers and nine men killed and had three officers and twenty-three men wounded.

SITUATION CONTINUES QUIET.

Nothing of a Serious Nature Occurring Near Mukden.

Mukden, Sept. 23.—The situation continues quiet. Small parties of Japanese skirmishers are pushing northward on the road from Bentiaiputze to Fushan.

It is said by Russian spies that Marquis Oyama has detached a considerable force to co-operate with the army before Port Arthur.

The Russians have taken many Chinese bandits prisoners, among them being found a number of Chinese regular soldiers. The weather has turned suddenly cold. The supplies of uniforms is inadequate and the soldiers are being supplied with Chinese padded overcoats, which have been bought in large quantities.

Many Chinese families are leaving Mukden.

The Chinese are extensively counterfeiting Russian money.

Chinese have brought into Mukden ten soldiers who had been thought either killed or captured at Liaoyang. They had been rescued and cared for by natives, who fed them and brought them into the Russian lines. The Chinese had refused payment from the men but they were suitably rewarded by the officers of the regiment.

The surgeon of one of the Siberian regiments who was captured at Liaoyang has arrived. The Japanese found him tending the wounded. They treated him well, entertained him at a concert in the famous Liaoyang summer garden and offered him a position as surgeon in the Japanese army. Finding that he preferred his own regiment, the Japanese good naturedly escorted him to the lines and allowed him to go to Mukden.

Captain Shubert and four Burial Cossacks have returned from a long scout south of the Japanese main army. The captain brings important information regarding the Japanese stations and movements and says active operations in this vicinity probably will develop within a few days. Captain Shubert experienced great kindness at the hands of the Chinese, who fed him and his men and offered to disguise them in Chinese clothing. This however, was not necessary, as the party eluded the Japanese outposts, passing within a few yards of one.

MANY RUMORS IN CIRCULATION.

But Little Authentic Information is Obtainable at Present.

London, Sept. 23.—Various unconfirmed rumors have reached London that the Vladivostok cruisers have sailed out, that Lieutenant General Stoessel has made a counter attack and captured a fort from the Japanese, that Mrs. Stoessel was wounded in the shoulder while attending wounded soldiers at Port Arthur, that the Russians are leaving Mukden, etc., but little reliable news has been received.

Bennett Burleigh wires from Tokio to the Daily Telegraph, denying that the Russians destroyed the railway bridge at Liaoyang. He says that only the woodwork was burned and that the steel girders are intact. He adds that the Russians hardly damaged the railway between Dalny and Liaoyang.

The Daily Telegraph's Tientsin correspondent reports bodies of Russian cavalrymen at Fajoman, a rich region across the Liao river west of Tie pass.

WANTS THE PLATES RESHIPPED.

James J. Hill Asks Harriman to Transport Them to Hongkong.

Portland, Ore., Sept. 23.—The Telegram says: James J. Hill has asked E. H. Harriman to transport 3,000 tons of steel plates to Hongkong. The plates were shipped from Eastern mills to Puget sound and were to have been sent from the Northern Pacific terminals on Hill's steamers to the Orient. The reason for the Northern Pacific action in desiring the steel reshipped from this city to the Orient is not clear to shipping men, but it is believed the war situation has influenced the action of the Northern Pacific. It cannot be learned here what action the Harriman interests will take in the matter.

SKY-SCRAPERS ARE DOOMED.

Geneva Professor Says High Buildings Cannot Last.

St. Louis, Sept. 23.—Sky-scraping buildings are doomed, according to the prophecy of Professor Louis Wuarin of the University of Geneva, who delivered an address on "The Future City" in the urban community, sectional meeting at Thursday's session of the International Congress of arts and sciences. Professor Wuarin maintained that the individual should be subservient to the community and declared that from a sanitary consideration high buildings were detrimental to public health and would therefore ultimately disappear from the topography of the future city. He asserted that although property value would be curtailed, the increase in value of property on the outskirts of cities would compensate for other restrictions.

Professor James Trow of the university of Berlin spoke on the relations of the urban community of social science.

PARKER IN NEW YORK

DEMOCRATIC CANDIDATE WILL CONSULT HIS PARTY'S POLITICAL LEADERS.

GIVES OUT NO STATEMENT

JUDGE PARKER REFUSES TO DISCLOSE VULGAR RESULTS OF HIS RECENT CONFERENCES.

New York, Sept. 23.—Alton B. Parker's second visit to New York to confer with Democratic campaign managers was made Thursday. His time was so fully occupied that he was compelled to take his luncheon in his apartments. He was joined at dinner at night by William F. Sheehan, Thomas Taggart and W. S. Rodie.

Parker has followed the programme of keeping his own counsel concerning the business he has with his callers. From the time he arrived at the Hoffman House, at 9:45 a. m., until nearly 11 p. m., the stream of visitors to his room was continuous.

Parker, on arriving in New York, drove to the Hoffman House, where he reached his apartments without being recognized. He then had word sent to such persons as he wished to see.

Parker's stay is uncertain. He told some of his visitors he should stay two or three days; and that he was not certain of his plans.

Senator Gorman, who has taken the part of counsel to the national committee and is giving the benefit of his experience in the management of presidential campaigns, was one of the first visitors. He spent nearly four hours with Parker, but remarking that he had "a pleasant chat" would not comment on his business with the candidate.

Taggart Confers With Parker.

National Chairman Taggart had a long audience with Parker during the afternoon. He said the chances of carrying Indiana for the Democrats were excellent and that he believed the party was strengthened in every doubtful state by the ability of New York Democrats to harmonize their differences in naming the state ticket.

Representative John Sharp Williams of Mississippi introduced several members of congress and others who have engaged to make speeches during the campaign. Representative William Cowherd, chairman of the congressional campaign committee, in the interest of a bigger fund to carry on his work, made a personal plea with the candidate. He urged the importance of securing the majority representation in the national house of representatives. Parker is deeply interested in the congressional campaign and as a result of Mr. Cowherd's call, a more stirring congressional campaign may be expected.

Gorman Ridder, editor of the New York Staats Zeitung, who has undertaken the campaign work among German-Americans, in what he calls the six doubtful states, gave the national candidate suggestions for general work. These doubtful states as he defines them are New York, New Jersey, Connecticut, Indiana, Illinois and Wisconsin. His plan is to have all the work of the national campaign committee centered on these states. He declared it a waste of time, energy and money to labor for states which are certain for one side or the other.

SPEAKS TO A LARGE AUDIENCE.

Henry Gasaway Davis Opens the Campaign in West Virginia.

Wheeling, W. Va., Sept. 23.—Henry Gasaway Davis, Democratic vice presidential candidate, spoke to a large audience last night. It was an enthusiastic opening of the campaign in Wheeling. It was after a short parade from the Windsor hotel to the wigwam, led by Mr. Davis, that the vice presidential candidate stepped upon the platform amid deafening applause.

When Mr. Davis arose to speak the long continued applause became embarrassing. The candidate spoke clearly and distinctly and held the audience admirably.

Mr. Davis said the Democrats had always been economical, while the Republicans had been extravagant; both parties, he said, are committed to the gold standard; he favored tariff revision; he regretted the raising of the race issue by the Republicans; in conclusion he arraigned the Republican campaigners and said they were afraid of the results in West Virginia.

After Mr. Davis had spoken, Chairman Russell introduced Senator Charles A. Towne of New York, who spoke for more than an hour. He gave assurance of the situation in New York state. Coming from the Saratoga convention he said that the harmony and unanimity there spoke for the success of the party. He took the audience by storm by saying that if Abraham Lincoln were living today he would be a Democrat; that the Democratic principles were those of Mr. Lincoln.

ANTI-JEWISH DISTURBANCES.

Reported to Have Broken Out at Odessa and Kharkoff.

London, Sept. 23.—A dispatch to Reuter's Telegram company from St. Petersburg says that anti-Jewish disturbances occurred at Odessa last week and that it is reported that similar disorders have broken out at Kharkoff, but that details regarding them are lacking.

WOUNDED MAN IS DEAD.

Falls to Kill His Sweetheart But Ends His Own Life.

Minneapolis, Sept. 23.—Because Katherine Luby refused to marry him, James Gaffney shot her in the face and then fired into his temple. He died at the city hospital about 3 o'clock Thursday morning.

Gaffney and Miss Luby are children of Golden Valley parents, but both have been employed in the city for some years.

Wednesday evening Gaffney invited Miss Luby to take a carriage ride and they proceeded to the home of her parents in Golden Valley.

Shortly after they left the Luby residence on their way home Gaffney asked Miss Luby to marry him.

She refused, but Gaffney persisted, and at last drew a revolver from his pocket, fired twice at the girl and then sent a bullet into his head.

Then came a mad drive for Minneapolis. Miss Luby grasped the reins with one hand and with the blood streaming from the wounds in her head and that of her companion soaking her clothing, supported the insensible Gaffney as she urged the frightened horse to the utmost, intending to reach the residence of a priest of the Catholic faith who might perform the last rites.

The horse never stopped in its wild run until she reached the parish house of the Church of the Immaculate Conception at Third avenue north and Third street.

Then, staggering from the carriage, she threw herself against the door of the priest's house. In the meantime the attention of Policemen Ring and Tobin had been attracted and they hurried the pair to the city hospital in the patrol wagon, where their wounds were dressed.

BACK AT WASHINGTON

PRESIDENT ROOSEVELT AND HIS FAMILY RETURN TO THE WHITE HOUSE.

Washington, Sept. 23.—President Roosevelt and party arrived over the Pennsylvania railway from Oyster Bay at 6:52 o'clock Thursday afternoon.

The president's train was delayed thirty minutes because the tire came off a rear drive wheel of the locomotive as it entered a tunnel at Baltimore. This locomotive was replaced. The accident caused no damage to the train.

Thursday's accident is said to be the first which has happened to a train on which President Roosevelt has traveled during his administration.

The president was cordially welcomed home by a large crowd of people as he came through the trainshed and walked out to the street where his carriage was waiting. The crowd lined both sides of Sixth street for a long time before the train arrived and when he made his appearance and stepped into his carriage he was enthusiastically cheered. In company with Mrs. Roosevelt and three of his children, Archie, Quentin and Ethel, he was immediately driven to the White House. Mr. and Mrs. Clifford Richardson of New York came with them to Washington and are guests at the White House. Senator Philander C. Knox of Pennsylvania joined the party at Philadelphia, and came on to Washington.

BRITISH MERCHANT CAPTURED.

Falls Into the Hands of Moroccans While Fishing.

London, Sept. 23.—The Times' correspondent at Tangier telegraphs that Mr. Lee, a British merchant at Rabat, had been captured while fishing in the Rabat river. A companion, Mr. Broome, escaped after being fired at. The correspondent adds that there is an unconfirmed rumor that Mr. Lee has been liberated.

MANY ARE HOMELESS

SIX HUNDRED PEOPLE DRIVEN FROM HOME BY FLOODS IN TEXAS.

ALL THE CROPS SWEEP AWAY

PEOPLE IN DEVASTATED DISTRICT MUST BE KEPT BY PUBLIC SUBSCRIPTION.

Dallas, Tex., Sept. 23.—Floods have swept Western Texas with the result that 600 people have been driven from their homes and are starving, while the crops for 100 miles below the city of Presidio have been utterly destroyed by the rushing water. For 150 miles north of Presidio along the Concho river the flood's devastation has swept the country.

Hundreds of people have been left without clothing and with little or no food. Reports of conditions are reaching Dallas slowly, but each report shows that conditions in the wake of the floods are terrible in the extreme.

With the loss of the growing crops, farm implements of all kinds have been swept away and the people in the devastated district are in a hopeless plight. They must be kept by public relief until they have a chance to recoup their fortunes with the crops of next year.

Appeals for aid are pouring in from Presidio and other towns in the stricken district.

IN HANDS OF A RECEIVER.

Ohio Machinery Company Forced to the Wall.

Canton, O., Sept. 23.—The Aultman company, manufacturers of threshing and harvesting machinery, went into receivership Thursday evening. J. J. Sullivan, president of the Central National bank, Cleveland, was made receiver. The action was taken by creditors on the insistent demand of smaller creditors.

The Arctic Manufacturing company of Cleveland, the product of which came from the Aultman works, was placed in the hands of Ernest A. Pfeiffer of Akron, as receiver.

The order of Judge Wing authorizes the Aultman company to continue operation of the plant without interruption.

The embarrassment of the Aultman company came through the embarrassment of a number of Western houses which had taken over the season's products and paid for the same in their paper and allowed that paper to go to protest. The affairs of the Aultman company are believed to be solvent. No figures are obtainable regarding the affairs of the Aultman company.

FOUND IN SOUTH DAKOTA.

Finest Graphite in the Country Is in That State.

Washington, Sept. 23.—The finest quality of graphite found in this country was produced in South Dakota last year, according to a special report of the geological survey. About 1,600,000 worth of graphite was consumed in the United States last year, but the domestic production was only about \$225,000. The rest was imported. It is apparent, therefore, that any new discoveries of graphite in the United States must be regarded as important.

Some of the South Dakota graphite brought as high a price as \$30 per ton, although the Georgia product sold for \$2 per ton. The graphite found in South Dakota is chiefly of the variety known as "amorphous" and comes from Lawrence and Pennington counties.

Heaters are in Fashion.

This is the season of the year when you want to consider the question of a heating stove. A poor heater is dear at any price. Our heaters are cheap at any price because they are heaters and fuel savers, but the price is cheap though the stoves are not.

In Cook Stoves and Ranges,

We can save you money and make your wife happy. Good draft good bakers, economical in fuel and durable. What more do you want? Call and examine them.

One Month.....Thirty Cents
One Year.....Four Dollars

FRIDAY, SEPTEMBER 23, 1904.

Weather

Forecast—Partly cloudy.
Temperature (Record kept by Dr. J. L. Camp from 7 a. m. yesterday morning to 7 a. m. this morning)—Maximum 60 above zero; minimum 43 above zero.

LOCAL NEWS NOTES.

Fred Johns came in from the west this afternoon.
W. T. Orcutt arrived from his regular trip west this afternoon.
Editor Schrader, of Pequot, came down from the north this noon.
Miss Mysen left for Minneapolis this afternoon where she will visit for a short time.
Mrs. Alderman entertained a few lady friends at her home last night on Juniper street.
The young people of the high school will give a social dance this evening in Walker hall.
W. B. Jones and wife, of Sylvan, passed through the city this afternoon en route to the cities.
No. 11 from Duluth was forty-five minutes late this afternoon, being laid out by three wheat trains.
The carpenter's union will give a dance on Monday evening, Sept. 26 at Trades and Labor hall. Refreshments will be served.

Dr. Rea will arrive in the city tomorrow.

Fred McNaughton and Fred McGivern left for Hot Springs, Ark. last night.

Mr. and Mrs. Fred Luken returned today from an extended eastern trip.

Chief Bennett left this afternoon for Little Falls and St. Cloud on business.

Mr. and Mrs. Ed. Bopple left this afternoon for Aitkin where they will visit for a day or two.

A ten pound baby boy was born yesterday to Mr. and Mrs. K. W. Lagerquist and the popular Sixth street grocer is all smiles today.

Jim Boyle left this afternoon for Cloquet where he will play with the base ball team in that city in the championship games with Hibbing the first of the week.

News reaches the city of the death of Frankie Thurlow, the sixteen-months old son of Mayor and Mrs. Thurlow, of Pequot. The little fellow had been sick but a few days.

There will be a regular meeting of the Trades and Labor Assembly this evening and all members are requested to be present as there is business of importance to be transacted.

Fred A. Farrar has gone to Mayville, N. D., where he will look over his farming interests for a short time. Reports from Mayville are to the effect that crops there are very fair.

There will be a social given by the members of the Swedish M. E. church at the People's church in East Brainerd this evening. A good program will be rendered and refreshments will be served.

A party consisting of the following gentlemen returned this morning from near Hackensack where they have been fishing and hunting for a few weeks having had a roaring good time: Geo. McLaughlin, manager of Fleischmann & Co., Cincinnati, O.; Dr. F. W. Schultz, Ben A. Adams and Jos. Adams, of the People's Ice company, and John Bryants, of the Globe Grocery and Food company, all of Covington, Ky.; Geo. W. Crawford, caterer of Minneapolis; Fruls Tyheridot, banker, of St. Paul, and L. Winternitz, a prominent pawn broker of Milwaukee. They left for their respective homes on No. 6 this afternoon.

J. A. Sorenson, of Merrifield is in the city on business.

E. Niles, of Merrifield, was in the city on business for a short time this morning.

Mrs. A. D. Brooks, of Grand Rapids, who has been visiting in the city returned to her home this afternoon.

H. J. Sewin, of Waseca, arrived in the city this afternoon and is domiciled for a few days at the National.

Miss Florence Mallmann, of Duluth, arrived in the city this afternoon and will teach in the Sewell district south of the city.

Rev. O. F. Johnson and Rev. Opegaard left this afternoon for Deerwood where they will conduct a series of meetings.

Chas. B. Hill, representing the Hamm Brewing company, left this afternoon for the twin cities after spending a day in the city on business.

Dr. Mallory, of Emily, is in the city for a few days to sort of keep company with his old friend E. Clark, who was operated on at St. Joseph's for appendicitis. Mr. Clarke is getting along nicely.

L. A. Martin, the jeweler, returned to his home in Minneapolis this afternoon. He has closed out his business in this city on account of failing health and does not expect to return to Brainerd again.

C. N. Parker left today for St. Paul where he will visit for a few days after which he leaves for Mt. Clemens to be gone for a few weeks. Anyone wishing to reach Mr. Parker can address him at the Clementine bath house.

Mr. and Mrs. Albert T. Walters arrived in the city from the south this afternoon for a visit with Mr. and Mrs. John Cochrane. Mrs. Walters is a niece of Mrs. Cochrane and visited here at one time. She was formerly Miss Grace Hayner and was but recently married.

The funeral services over the remains of Miss Ethel Aldridge were held yesterday afternoon at the Losey & Dean undertaking parlors. Rev. Richard Brown, of the First Congregational church, officiating. The young lady was formerly a resident of Minneapolis but came out to Walker for her health. She was not benefited and was brought to St. Joseph's hospital a short time ago.

Wonderful Results.

Mrs. C. A. Smith, of Holland, Mich., tells what a marvelous remedy "Gloria Tonic" is. She writes: "After suffering the tortures of rheumatism for years and after vainly employing doctors it was 'Gloria Tonic' which completely cured me." Sold by H. P. Dunn & Co. mwf

ON VERGE OF STARVATION.

Five Persons Rescued by Schooner Emily Claudina.

Seattle, Sept. 22.—On the verge of starvation and threatened with scurvy at a lonely trading post on Kamchatka peninsula, four white persons, a woman, a child and two men and a Japanese fisherman were found when the schooner Emily Claudina reached Ukaon June 23. The survivors were conveyed to Nome and there transferred to the steamship Victoria, which reached Seattle Thursday.

The party consists of Cecil Meares, representing the London firm of Compton & Schwab, and Valentine Kozenskii, and his wife and child. Meares has been engaged in trading with the Siberian natives for furs and whalebone for several years. Kozenskii was assistant.

Last year the company chartered a Japanese vessel at Yokohama to take the party to their destination in Kamchatka. After their arrival there war broke out between Russia and Japan and the Japanese merchantman did not care to venture into Siberian waters.

SEVEN MEN DROWNED.

Perish in Wreck of Schooner French Off the Jersey Coast.

Boston, Sept. 23.—A dispatch reports the loss of the schooner Elvira J. French off the Jersey coast in last week's gale, together with seven members of a crew of nine.

CREATE THREE DIVISIONS

And City Clerk Was Authorized to Advertise for Bids for Three Laterals Asked

A MEETING OF COUNCIL HELD

The Petitions from Residents of Blocks 110 and 130 Were Referred to Committee.

The city council met in adjourned session last evening, having adjourned Monday to give time to prepare specifications, etc., for lateral sewers petitioned for at the Monday night meeting.

Alderman Purdy was in the chair and Aldermen Halladay, Purdy, Murphy, Rowley and Robertson responded to roll call.

The appointment of John F. Hurley, Jr., as special policeman without pay to be on duty at the opera house was confirmed.

A petition was read from property owners in block fifty for a lateral through that block.

An agreement was read from Werner Hemstead and Geo. LaBar, granting the city the privilege of entering upon their lots in block 68 to build a lateral sewer.

A petition from property owners in blocks 110 and 130 was also read.

After a little general discussion of the question Alderman Rowley said that the banks had called the city down hard on the matter of retrenchment and he wanted to know if the council was going to keep right on plunging the city into debt. An alderman cited as an answer that the presidents of both banks were among the petitioners for laterals. Attorney Mantor stated that the laterals could not be paid for out of the general funds, that they must be paid for by sewer warrants that could not be sold until the laterals were ordered by the council. Attorneys Fleming and Larson chimed in and the question of the sale of the warrants came up. Mayor Halsted assured the council that the sewer warrants could be sold at once if legally issued.

The council then went into "committee of the whole" and spent some time in informal discussion.

On coming to order a resolution was unanimously passed creating lateral division A, consisting of blocks 42, 76, 102 and 138; lateral division B, consisting of blocks 108 and 132; lateral division C, consisting of blocks 50 and 68, and ordering the same.

The clerk was authorized to advertise for bids on same.

A motion was made and carried that the electric light pole at the corner of First and Maple be moved to its proper place.

The petition from blocks 110 and 130 was referred to the sewer committee to report Monday evening.

On motion council adjourned to Monday evening at 7:30.

Loud ties, hot hose, swell shoes, pretty shirts, warm shoes, nobby suits at H. W. LINNEMANN.

VICTIM OF BAD ACCIDENT

Thos. Hooker, of Staples, Brings his Little Daughter to this City to be Treated at St. Joseph's

A little daughter of Mr. and Mrs. Thos. Hooker was brought to the city last evening from Staples and taken to St. Joseph's hospital where she will be treated for injuries received in an accident at Staples. The little girl was kicked by a horse on the left arm and shoulder. Both the arm and shoulder were broken and the flesh was horribly lacerated so that it will necessitate some very fine surgical work to bring the child through.

I am agent for the Ralston health shoes, price \$4.00. Every pair is warranted. It is the only patent leather shoes that is guaranteed. It is the best shoe offered the trade for the price.

H. W. LINNEMANN.

A Word to Daily Patrons.

The time is approaching when there will be more or less stormy and snowy weather, and with it there are bound to come complaints that THE DISPATCH fails to be received or that the papers are soiled. This is often because there is no convenient place for the boy to put the paper. The storm and screen doors are hooked and a paper put on the steps or porch, if not blown away, will be soiled and wet. Each subscriber can insure the certain and prompt delivery of his paper if he will put up a box in a convenient place to put it. Do not compel the boy to go clear around the house to find a place to put it. It don't take him long to do it once, but when he has to do it at about a hundred places on his route it makes him late to supper as well as late with the paper on the last end of the route. Co-operate with us and we will get the papers to you both surely and promptly during the winter months.

Say! do you want a good pair of hunting boots?

H. W. LINNEMANN.

ALL FILLED BUT THREE

Of the Ninety Schools in the Rural Districts of the County All are now Running Except Three

This is Supt. Wilson's busiest season of the year and it is no easy task that he has either in filling the positions of teachers for the large number of schools throughout the rural districts. There are now ninety schools in the county and Supt. Wilson has been especially fortunate this year in securing teachers. All but three of the ninety schools now have teachers, and Mr. Wilson expects that within another week teachers will be secured for these. The schools this year are in better condition than ever before and the attendance throughout the county is very satisfactory.

Now is the time to get your sewing machines adjusted at the Singer store, Pearce block. Singer sewing machines sold on easy payments. Old machines taken in exchange.

MADE MANY IMPROVEMENTS

Popular Clothing Firm of McCarthy & Donahue Has Been Doing Some Work in This Line Lately

The firm of McCarthy & Donahue, the Seventh street clothiers, who occupy commodious and well arranged quarters in the Opsahl building, is perhaps one of the best advertising firms in the city and the boys, both well known in the city, are always abreast with the times.

They have recently been making some extensive improvements in their store building and they are now the proud proprietors of one of the best equipped stores in the northern part of the state. On the south side of the building new shelving have been put in the entire length of the store and the shelves have been painted a pure white to match the other portions of the store. The shelves here are laden with all kinds of men's and boys' hosiery, boys' pants, men's pants, underwear, etc., and there is a stock that would suit the most fastidious. New tables have been put in throughout the main part of the building and new shelves of uniform style have been put up on the north side of the store. The boys have replenished their big stock of shoes and they now carry a very elegant line.

The interior of the entire building has been repapered, repainted and decorated and while this has been going on the firm has been constantly moving in new goods. It is a pleasure to walk into this store for the goods are the best and customers are always given prompt, polite and efficient service.

It is rather chilly these days and its time to look up styles in overcoats. Come in and we will show you what's right to wear for this winter.

THE OFFICIAL COUNT

Canvass of the Vote Cast on Tuesday Shows the Following Candidates to Have Been Successful.

The official canvass of the vote cast at the primary election held on Tuesday was completed late last night and the table with the complete returns from each precinct is published in another column. The official count materially changed the figures on congressman giving the county to Foster by 276.

The republican county nominees were as follows: A. Mahlum, for county auditor; S. R. Adair, county treasurer; A. G. Trommald, register of deeds; A. Purdy, sheriff; A. D. Polk, county attorney; J. T. Sanborn, judge of probate; J. A. Wilson, superintendent of schools; J. F. Bartlett, surveyor; Dr. D. M. McDonald, coroner. There were contests for four offices, treasurer, register of deeds, sheriff and attorney. For treasurer, S. R. Adair defeated Judd Wright by 214 votes, for register A. G. Trommald won over H. J. Spencer with 673 votes to spare, and for attorney A. D. Polk defeated W. H. Crowell by of 403 votes. The contest for sheriff between A. Purdy and E. H. Simmons was very close, Mr. Purdy winning by only 74 votes.

For commissioners, F. J. Reid in the 1st district, and J. A. Erickson, in the 3rd were nominated without opposition. In the 5th G. F. Edquist was a candidate against Commissioner Maghan and won by 12 votes.

Geo. Hardy was nominated for sheriff of Cass county by an overwhelming majority.

John King was defeated for county commissioner in the Walker district of Cass county. J. S. Scribner, who was a candidate for the nomination of judge of probate, is also reported to have gone down to defeat.

W. B. Jones' Brainerd friends are congratulating him on his election as commissioner of the Second district in Cass county. His majority is something less than 50.

This is rainy weather. Don't you need a water shed coat? I can show you something nice in that line.

Tom Britton, 707 Fifth St. S., our local chimney sweep, has returned and is ready to attend to all work in this line. Telephone call 285J2.

SO DIFFERENT

Lots of Claims Like this but so Different—Local Proof is What Brainerd People Want.

There are a great many of them. Every paper has its share. Statements hard to believe, harder to prove.

Statements from far away places. What people say in Florida. Public expression from California. Ofttimes good indorsement there But of little service here at home. Brainerd people want local proof. The sayings of neighbors, friends and citizens.

Home indorsement counts.

It disarms the skeptic; is beyond dispute. This is the backing that stands behind every box of Doan's Kidney Pills. Here is a case of it.

Mrs. S. Brain of 125 South 9th street says: "Doan's Kidney Pills cannot be spoken of in too high terms. I suffered greatly from my back, the symptoms showing unmistakably that the kidneys were at fault. The secretions from those organs were scanty and caused some pain, the aching in my back was constant and exceedingly distressing. When my husband brought me Doan's Kidney Pills I was much in need of relief. I used them and in a comparatively short time the pain had disappeared and the improvement in my condition was general. The kidneys were quickly restored to health and performed their functions naturally."

Sold for 50 cents a box by H. P. Dunn & Co. and all druggists. Foster Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name—Doan's—and take no substitute.

You can own a nice warm home. \$100 cash and rent money.—Nettleton.

A woman's never too old to be handsome, never too old to be young again, if she takes Hollister's Rocky Mountain Tea. Brings bright eyes, rosy cheeks, good health. 35 cents, Tea or Tablet.

H. P. Dunn & Co.

New line cut glass at D. M. Clark & Co.

A Stubborn Case!

Mr. Wm. Hessler of Muscoda, Wis., writes: "While taking the first box of Gloria Tonic for my rheumatic trouble I could not stand on my feet, while taking the second box I could walk across the room by pushing a chair ahead of me, and after taking the box I could husk corn and feed sixty head of hogs."

Sold by H. P. Dunn & Co.

D. M. Clark & Co. have a full line of pictures and picture frames. Nature's greatest gift to the human family is Hollister's Rocky Mountain Tea. With it your family is fully protected. Best baby medicine in the world. 35 cents, Tea or Tablets. H. P. Dunn & Co.

Full line trunks and grips at D. M. Clark & Co.

MUSIC AND DRAMA.

"HEART OF CHICAGO," LAST NIGHT.

The performance, "Heart of Chicago" was greeted by only a fair audience last night at the Brainerd opera house. The piece is one of those sensational kind, full of blood curdling incidents, but such plays are usually enjoyed on account of the mechanical and stage effects and it must be admitted that from this standpoint the performance was one of the best of the kind ever seen in Brainerd and those who enjoy shows of this character and who stayed away missed some thing.

"JOLLY TRAMP."

There is to be a play at the Brainerd opera house next Tuesday, Sept. 27, in which the nerve and pushing go-aheadativeness of the typical American tramp will be shown in its true quality. The piece which claims to do this is Manager U. D. Newell's comedy drama, "A Jolly American Tramp," which not only depicts the trials, tribulations and hardships of a fellow who, through adverse stress of circumstances, was compelled to be a hobo, but it also shows the magnanimity of this same tramp who, after being rehabilitated in society, not only forgives but forgets all the injustice that has been done him and aids others equally distressed to bear their burden and become reconciled to fate. The play, while playing on the heart strings, also contains many ludicrous and laughter provoking situations. There will be specialties of an interesting nature. Prices 75, 50 and 25 cents. No extra for reserved seats.

WILLIAM OWEN.

The Brainerd opera house patrons have another treat in store when William Owen, ably supported by Mr. J. W. McConnell and Miss Camilla Reynolds will be seen in "The Lady of Lyons" on Wednesday evening, Sept. 28. It will be one of the artistic dramatic events of the season and as both Mr. Owen and Mr. McConnell are old time favorites in this city standing room should be at a par that night. A pleasing feature about their appearance here this year is the fact that Miss Reynolds has rejoined the company as leading lady. She has been starring in a big production of "As You Like It."

The Lady of Lyons is a thrilling story of how a strong man may overcome obstacles which to the weak seem insurmountable. It is one of those magnetic dramas which carries its audience with it through its various phases until at last the happy climax is reached. It is a story of love and pride, poverty, wealth, ambition, adventure, remorse and happiness. There is no complicated question of morality or manners to vex the audience. It is a good wholesome romantic play with plenty of laughter and any number of thrilling situations. It will be presented by a strong cast.

Our New Overcoats

ACORN BRAND GUARANTEED CLOTHING

McCARTHY & DONAHUE,

214 So 7th St. Brainerd, Minn.

Our New Fall and Winter "ACORN BRAND" Overcoats are ready for your coming. Such a fine looking lot you never saw.

Even our own people differ as to the most attractive style.

"This will be the banner seller," says the salesman. "No, this one will," says another.

"Both wrong—here's the Star Coat," says another.

And so it goes—all the styles are so good that no one can pick the best.

But it is the private opinion of the writer that for Young Men, at least, the full comfortable long coat at \$20.00, which hangs so beautifully from the shoulders, yet feels so light when on, will outstrip them all.

\$12.00 \$13.50
Up To
\$16.50 or \$22.00

Is the Price Range—But See the COATS

Delighted patrons are doing a great deal of advertising for us, but we want you to see these handsome Coats before you select your Fall or Winter Overcoat.

CREATE THREE DIVISIONS

And City Clerk Was Authorized to Advertise for Bids for Three Laterals Asked

A MEETING OF COUNCIL HELD

The Petitions from Residents of Blocks 110 and 130 Were Referred to Committee.

The city council met in adjourned session last evening, having adjourned Monday to give time to prepare specifications, etc., for lateral sewers petitioned for at the Monday night meeting.

Alderman Purdy was in the chair and Aldermen Halladay, Purdy, Murphy, Rowley and Robertson responded to roll call.

The appointment of John F. Hurley, Jr., as special policeman without pay to be on duty at the opera house was confirmed.

A petition was read from property owners in block fifty for a lateral through that block.

An agreement was read from Werner Hemstead and Geo. LaBar, granting the city the privilege of entering upon their lots in block 68 to build a lateral sewer.

A petition from property owners in blocks 110 and 130 was also read.

After a little general discussion of the question Alderman Rowley said that the banks had called the city down hard on the matter of retrenchment and he wanted to know if the council was going to keep right on plunging the city into debt. An alderman cited as an answer that the presidents of both banks were among the petitioners for laterals. Attorney Mantor stated that the laterals could not be paid for out of the general funds, that they must be paid for by sewer warrants that could not be sold until the laterals were ordered by the council. Attorneys Fleming and Larson chimed in and the question of the sale of the warrants came up. Mayor Halsted assured the council that the sewer warrants could be sold at once if legally issued.

The council then went into "committee of the whole" and spent some time in informal discussion. On coming to order a resolution was unanimously passed creating lateral division A, consisting of blocks 42, 76, 102 and 138; lateral division B, consisting of blocks 108 and 132; lateral division C, consisting of blocks 50 and 68, and ordering the same.

The clerk was authorized to advertise for bids on same.

A motion was made and carried that the electric light pole at the corner of First and Maple be moved to its proper place.

The petition from blocks 110 and 130 was referred to the sewer committee to report Monday evening.

On motion council adjourned to Monday evening at 7:30.

Nettleton loans money, on improved city property and farms.

THE OFFICIAL COUNT

Canvass of the Vote Cast on Tuesday Shows the Following Candidates to Have Been Successful.

The official canvass of the vote cast at the primary election held on Tuesday was completed late last night and the table with the complete returns from each precinct is published in another column. The official count materially changed the figures on congressman giving the county to Foster by 276.

The republican county nominees were as follows: A. Mahlum, for county auditor; S. R. Adair, county treasurer; A. G. Trommald, register of deeds; A. Purdy, sheriff; A. D. Polk, county attorney; J. T. Sanborn, judge of probate; J. A. Wilson, superintendent of schools; J. F. Bartlett, surveyor; Dr. D. M. McDonald, coroner. There were contests for four offices, treasurer, register of deeds, sheriff and attorney. For treasurer, S. R. Adair defeated Judd Wright by 214 votes, for register A. G. Trommald won over H. J. Spencer with 673 votes to spare, and for attorney A. D. Polk defeated W. H. Crowell by 403 votes. The contest for sheriff between A. Purdy and E. H. Simmons was very close, Mr. Purdy winning by only 74 votes.

For commissioners, F. J. Reid in the 1st district, and J. A. Erickson, in the 3rd were nominated without opposition. In the 5th G. F. Edquist was a candidate against Commissioner Maghan and won by 12 votes.

Geo. Hardy was nominated for sheriff of Cass county by an overwhelming majority.

John King was defeated for county commissioner in the Walker district of Cass county. J. S. Scribner, who was a candidate for the nomination of judge of probate, is also reported to have gone down to defeat.

W. B. Jones' Brainerd friends are congratulating him on his election as commissioner of the Second district in Cass county. His majority is something less than 50.

This is rainy weather. Don't you need a water shed coat? I can show you something nice in that line.

SO DIFFERENT

Lots of Claims Like this but so Different—Local Proof is What Brainerd People Want.

There are a great many of them. Every paper has its share. Statements hard to believe, harder to prove.

Statements from far-away places. What people say in Florida. Public expression from California. Ofttimes good indorsement there. But of little service here at home. Brainerd people want local proof. The sayings of neighbors, friends and citizens.

Home indorsement counts. It disarms the skeptic; is beyond dispute.

This is the backing that stands behind every box of Doan's Kidney Pills. Here is a case of it.

Mrs. S. Brain of 125 South 9th street says: "Doan's Kidney Pills cannot be spoken of in too high terms. I suffered greatly from my back, the symptoms showing unmistakably that the kidneys were at fault. The secretions from those organs were scanty and caused some pain, the aching in my back was constant and exceedingly distressing. When my husband brought me Doan's Kidney Pills I was much in need of relief. I used them and in a comparatively short time the pain had disappeared and the improvement in my condition was general. The kidneys were quickly restored to health and performed their functions naturally."

Sold for 50 cents a box by H. P. Dunn & Co. and all druggists. Foster Millburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name—Doan's—and take no substitute.

You can own a nice warm home. \$100 cash and rent money.—Nettleton.

Nature's greatest gift to the human family is Hollister's Rocky Mountain Tea. With it your family is fully protected. Best baby medicine in the world. 35 cents, Tea or Tablets. H. P. Dunn & Co.

Full line trunks and grips at D. M. Clark & Co.

MUSIC AND DRAMA.

"HEART OF CHICAGO." LAST NIGHT.

The performance, "Heart of Chicago" was greeted by only a fair audience last night at the Brainerd opera house. The piece is one of those sensational kind, full of blood curdling incidents, but such plays are usually enjoyed on account of the mechanical and stage effects and it must be admitted that from this standpoint the performance was one of the best of the kind ever seen in Brainerd and those who enjoy shows of this character and who stayed away missed some thing.

"JOLLY TRAMP."

There is to be a play at the Brainerd opera house next Tuesday, Sept. 27, in which the nerve and pushing go-aheadativeness of the typical American tramp will be shown in its true quality. The piece which claims to do this is Manager U. D. Newell's comedy drama, "A Jolly American Tramp," which not only depicts the trials, tribulations and hardships of a fellow who, through adverse stress of circumstances, was compelled to be a hobo, but it also shows the magnanimity of this same tramp who, after being rehabilitated in society, not only forgives but forgets all the injustice that has been done him and aids others equally distressed to bear their burden and become reconciled to fate. The play, while playing on the heart strings, also contains many ludicrous and laughter provoking situations. There will be specialties of an interesting nature. Prices 75, 50 and 25 cents. No extra for reserved seats.

WILLIAM OWEN.

The Brainerd opera house patrons have another treat in store when William Owen, ably supported by Mr. J. W. McConnell and Miss Camilla Reynolds will be seen in "The Lady of Lyons" on Wednesday evening, Sept. 28. It will be one of the artistic dramatic events of the season and as both Mr. Owen and Mr. McConnell are old time favorites in this city standing room should be at a par that night. A pleasing feature about their appearance here this year is the fact that Miss Reynolds has rejoined the company as leading lady. She has been starring in a big production of "As You Like It."

The Lady of Lyons is a thrilling story of how a strong man may overcome obstacles which to the weak seem insurmountable. It is one of those magnetic dramas which carries its audience with it through its various phases until at last the happy climax is reached. It is a story of love and pride, poverty, wealth, ambition, adventure, remorse and happiness. There is no complicated question of morality or manners to vex the audience. It is a good wholesome romantic play with plenty of laughter and any number of thrilling situations. It will be presented by a strong cast.

CREATE THREE DIVISIONS

And City Clerk Was Authorized to Advertise for Bids for Three Laterals Asked

A MEETING OF COUNCIL HELD

The Petitions from Residents of Blocks 110 and 130 Were Referred to Committee.

The city council met in adjourned session last evening, having adjourned Monday to give time to prepare specifications, etc., for lateral sewers petitioned for at the Monday night meeting.

Alderman Purdy was in the chair and Aldermen Halladay, Purdy, Murphy, Rowley and Robertson responded to roll call.

The appointment of John F. Hurley, Jr., as special policeman without pay to be on duty at the opera house was confirmed.

A petition was read from property owners in block fifty for a lateral through that block.

An agreement was read from Werner Hemstead and Geo. LaBar, granting the city the privilege of entering upon their lots in block 68 to build a lateral sewer.

A petition from property owners in blocks 110 and 130 was also read.

After a little general discussion of the question Alderman Rowley said that the banks had called the city down hard on the matter of retrenchment and he wanted to know if the council was going to keep right on plunging the city into debt. An alderman cited as an answer that the presidents of both banks were among the petitioners for laterals. Attorney Mantor stated that the laterals could not be paid for out of the general funds, that they must be paid for by sewer warrants that could not be sold until the laterals were ordered by the council. Attorneys Fleming and Larson chimed in and the question of the sale of the warrants came up. Mayor Halsted assured the council that the sewer warrants could be sold at once if legally issued.

The council then went into "committee of the whole" and spent some time in informal discussion.

On coming to order a resolution was unanimously passed creating lateral division A, consisting of blocks 42, 76, 102 and 138; lateral division B, consisting of blocks 108 and 132; lateral division C, consisting of blocks 50 and 68, and ordering the same.

The clerk was authorized to advertise for bids on same.

A motion was made and carried that the electric light pole at the corner of First and Maple be moved to its proper place.

The petition from blocks 110 and 130 was referred to the sewer committee to report Monday evening.

On motion council adjourned to Monday evening at 7:30.

VICTIM OF BAD ACCIDENT

Thos. Hooker, of Staples. Brings his Little Daughter to this City to be Treated at St. Joseph's

A little daughter of Mr. and Mrs. Thos. Hooker was brought to the city last evening from Staples and taken to St. Joseph's hospital where she will be treated for injuries received in an accident at Staples. The little girl was kicked by a horse on the left arm and shoulder. Both the arm and shoulder were broken and the flesh was horribly lacerated so that it will necessitate some very fine surgical work to bring the child through.

I am agent for the Ralston health shoes, price \$4.00. Every pair is warranted. It is the only patent leather shoe that is guaranteed. It is the best shoe offered the trade for the price.

H. W. LINNEMANN.

A Word to Daily Patrons.

The time is approaching when there will be more or less stormy and snowy weather, and with it there are bound to come complaints that THE DISPATCH fails to be received or that the papers are soiled. This is often because there is no convenient place for the boy to put the paper. The storm and screen doors are hooked and a paper put on the steps or porch, if not blown away, will be soiled and wet. Each subscriber can insure the certain and prompt delivery of his paper if he will put up a box in a convenient place to put it. Do not compel the boy to go clear around the house to find a place to put it. It don't take him long to do it once, but when he has to do it at about a hundred places on his route it makes him late to supper as well as late with the paper on the last end of the route. Co-operate with us and we will get the papers to you both surely and promptly during the winter months.

Say! do you want a good pair of hunting boots?

H. W. LINNEMANN.

ALL FILLED BUT THREE

Of the Ninety Schools in the Rural Districts of the County All are now Running Except Three

This is Supt. Wilson's busiest season of the year and it is no easy task that he has either in filling the positions of teachers for the large number of schools throughout the rural districts. There are now ninety schools in the county and Supt. Wilson has been especially fortunate this year in securing teachers. All but three of the ninety schools now have teachers, and Mr. Wilson expects that within another week teachers will be secured for these. The schools this year are in better condition than ever before and the attendance throughout the county is very satisfactory.

Now is the time to get your sewing machines adjusted at the Singer store, Pearce block. Singer sewing machines sold on easy payments. Old machines taken in exchange.

MADE MANY IMPROVEMENTS

Popular Clothing Firm of McCarthy & Donahue Has Been Doing Some Work in This Line Lately

The firm of McCarthy & Donahue, the Seventh street clothiers, who occupy commodious and well arranged quarters in the Opsahl building, is perhaps one of the best advertising firms in the city and the boys, both well known in the city, are always abreast with the times.

They have recently been making some extensive improvements in their store building and they are now the proud proprietors of one of the best equipped stores in the northern part of the state. On the south side of the building new shelving have been put in the entire length of the store and the shelves have been painted a pure white to match the other portions of the store. The shelves here are laden with all kinds of men's and boys' hosiery, boys' pants, men's pants, underwear, etc., and there is a stock that would suit the most fastidious. New tables have been put in throughout the main part of the building and new shelves of uniform style have been put up on the north side of the store. The boys have replenished their big stock of shoes and they now carry a very elegant line.

The interior of the entire building has been repapered, repainted and decorated and while this has been going on the firm has been constantly moving in new goods. It is a pleasure to walk into this store for the goods are the best and customers are always given prompt, polite and efficient service.

It is rather chilly these days and its time to look up styles in overcoats. Come in and we will show you what's right to wear for this winter.

"This will be the banner seller," says the salesman. "No, this one will," says another.

"Both wrong—here's the Star Coat," says another.

And so it goes—all the styles are so good that no one can pick the best.

But it is the private opinion of the writer that for Young Men, at least, the full comfortable long coat at \$20.00, which hangs so beautifully from the shoulders, yet feels so light when on, will outstrip them all.

\$12.00 \$13.50
Up To
\$16.50 or \$22.00

Is the Price Range—But See the COATS

Delighted patrons are doing a great deal of advertising for us, but we want you to see these handsome Coats before you select your Fall or Winter Overcoat.

Forest Fires Still Raging.

Butte, Mont., Sept. 23.—The rain-storm Wednesday was not heavy enough to put out the forest fire which has been raging for two weeks in Warm Springs canyon near Anaconda. A change of wind fanned the smoldering embers into fierce fires and the flames started again toward the Twin Lakes country.

Caught Between Cars.

Two Harbors, Minn., Sept. 23.—James Farrell, a miner employed at the Leonard mines on the Mesaba Iron range, was caught between two cars while at work in the open pit and was severely crushed. Internal injuries of a serious nature were sustained and it is doubtful if the man recovers.

Montana Land Withdrawn.

Washington, Sept. 23.—The commissioner of the general land office has withdrawn from all forms of disposal 276,180 acres of public lands lying within the Great Falls, Mont., land district on account of the Sun river irrigation project.

TRAIN ROBBER SENTENCED.

George F. Hammond Goes to Prison for Fifteen Months.

Phillipsburg, Mont., Sept. 23.—George F. Hammond, who confessed to holding up the North Coast Limited passenger train on the Northern Pacific railway at Bearmouth last June, Thursday in the district court pleaded guilty to a charge of grand larceny and burglary and was immediately sentenced to fifteen years in prison at hard labor.

It had been the intention to try Hammond on a charge of murdering Engineer Dan O'Neill, who was killed in the hold-up at Bearmouth, but the evidence obtained by the officers was deemed insufficient.

TWO MEN INSTANTLY KILLED.

Twenty-four Others Injured by Falling Bridge.

Vinita, I. T., Sept. 23.—The east pier of a steel trestle bridge being erected over Grand river at Carroys Ferry, ten miles east of Afton, fell Thursday, killing two men, fatally injuring three and injuring twenty-one others, some of whom suffered broken limbs. The dead are Thomas Browning and Henry Becker.

One hundred men were at work when the pier collapsed, owing to faulty constructed foundations being undermined by water.

SEVEN MEN IMPRISONED.

Hemmed in by Fire in a Boston Razor Factory.

Boston, Sept. 23.—A fire broke out in a razor factory on Atlantic avenue Friday morning. It was said that seven men had been unable to get out of the building.

Ex-Governor Clough Bankrupt.

Everett, Wash., Sept. 23.—Former Governor David M. Clough of Minnesota has been declared bankrupt. Oct. 4 has been fixed as the date for a meeting of his creditors. Clough is a partner in the Clark-Nickerson Lumber company here, but the company is not affected.

A NEW PRINCIPLE IN MEDICAL SCIENCE.

For years it has been the practice of medical men to treat patients suffering from piles by local, external applications. These treatments give but temporary relief, but have never effected a positive cure.

After months of research and study, accompanied by actual experience with various patients, Dr. C. A. Perrin arrived at a positive conclusion as to the exact action of the various parts of the bowel system, under different conditions, and when subjected to various prescriptions.

He finally prepared that wonderful internal remedy known as Dr. PERRIN'S PILE SPECIFIC, which is put up in bottles, retailing at all reliable drug stores for \$1.00 each. This internal remedy has been on the market for the past ten years, and in all of that time there has been but three cases where a positive cure has not been effected.

Dr. Perrin's Pile Specific is sold under a positive guarantee by the druggist making the sale, to refund the full purchase price, providing the remedy fails to cure. This is the absolute proof of its merit. Any man or woman who suffers from blind, bleeding, itching or internal piles can try this internal remedy with the absolute certainty that it will cost nothing unless it cures. Here is what one sufferer says of this wonderful remedy:

Dr. C. A. Perrin, Helena, Mont.—I wish to thank you for the cure your wonderful medicine has done for me. I had the piles some five years, and under the advice of a doctor had them removed by the knife and felt free for awhile, but they returned and I at once got a bottle of your Perrin's Pile Specific and one bottle has entirely cured me, and I am as good as I ever was.

Yours truly, JACK SULLIVAN, Chicago.

Better get a bottle of your druggist today and get relief from present and future suffering.

Original Cole's Hot Blast Stoves Here!!

BETTER THAN LAST YEAR. SAVE \$25 IN FUEL EVERY WINTER. BUY NOW.

1904 Models of the Original Cole's Hot Blast are ready. This is the stove that burns the gas half of coal and saves the waste chimney heat of other stoves, saving one-half. Burns any kind of fuel without changing the stove in any way. Get one in your house now. There will be many a chilly morning and evening before real cold weather, and Cole's Hot Blast will warm things up and dry up the dampness with a few newspapers, a handful of kindling or a few cobs. Read carefully the interesting description of this stove given below. It tells why Cole's Hot Blast Stove makes \$5.00 worth of fuel do more work than can be had with \$10.00 worth in any other stove.

FURNACE USERS.—By purchasing one of these stoves for use during the early cold weather, you can start your furnace two months later and save from one to five tons of coal. This will also prevent over-heating your house during the early cold weather which is unavoidable with a furnace.

For Soft Coal, Hard Coal, Coke and Wood

Cost of Stove Saved in Fuel

In an ordinary coal stove, half of the coal arises in gas and quickly goes up the chimney. When you remember that gas is itself fine fuel, being used in all the large cities for cooking, heating, and lighting, you realize how much is saved if the gas doesn't escape, but is held in the stove and burned.

Your old leaky stove does not give you a warm house at night and is usually out on the coldest morning and your house is cold for half the day.

Notice in this picture of Cole's Hot Blast how the draft burns the gas. It discharges a blast of highly heated air over and through the body of the fuel, thus distilling the gas from the fuel, oxidizing and burning it before its escape up the chimney and saving one-half.

Read the Guarantee

Cole's Hot Blast is air-tight and guaranteed to remain so. Imitations open at the seams and leak at the joints. Cole's Hot Blast is so perfect in construction that fire keeps all night. Both the gases and heat lost up the chimney with your old leaky stove are saved, and when the draft is opened in the morning the stove will burn one to three hours with the fuel put in the night before. No other stove does this. Fire, therefore, never goes out, and the rooms are kept at even temperature all the time.

Even Heat Day and Night. Fire Never Out.

Caution: The name "Cole's Original Hot Blast from Chicago" will be found on the feed door of each stove. Be sure and get the Original Hot Blast.

Guarantee

1—We guarantee a saving of one-third in fuel over any lower draft stove of the same size.

2—We guarantee Cole's Hot Blast to use less hard coal for heating a given space than any base burner with same heating surface.

3—We guarantee that the rooms can be heated from one to two hours each morning, with the soft or hard coal put in the evening before.

4—We guarantee that the stove will hold fire with soft coal thirty-six hours, without attention.

5—We guarantee a uniform heat day and night, with soft coal or hard coal, lignite or slack.

6—We guarantee every stove to remain absolutely air-tight as long as used.

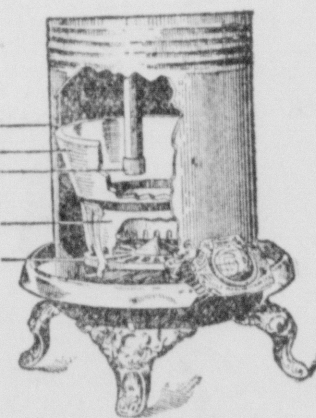

7—We guarantee the feed-door to be smoke proof and dust proof.

The above guarantee is made with the understanding that the stove be operated according to directions, and set up with a good pipe.

Scientific Construction

The accompanying cut will give you an idea of the large sensitive radiating surface which responds at once to the fire. The heavy cast iron fire box and the cast iron lining and steel lining extending to the top, protect the stove where other stoves burn out first. The patented steel collar connecting the elbow casting to the jacket, patented compound hinge for the ash door, the patented ball and socket joint for the blast draft, and the patented smoke proof feed door are features which combine to make Cole's Original Hot Blast a success where imitation stoves which cannot use these patented features are failures.

The Cost of the Stove and the Fuel to Run It This Winter will be Less than Your Last Winter's Fuel Bill. BUY NOW.

GREEK BOYS ARE SOLD.

Veritable System of Slavery Shown to Exist in Michigan.

Grand Rapids, Mich., Sept. 23.—In the justice court Thursday, John Tisor and Peter Smirles admitted being parties to the sale of Tisor's two stepsons to Smirles, who is the proprietor of several shoe shining parlors. All the parties were Greeks. Smirles testified that he paid \$380 for the two lads, who are still in his custody. Smirles is suing Tisor for \$40, which he lent him at the same time that he paid \$380 for the boys.

Original Cole's Hot Blast Stoves Here!!

BETTER THAN LAST YEAR. SAVE \$25 IN FUEL EVERY WINTER. BUY NOW.

1904 Models of the Original Cole's Hot Blast are ready. This is the stove that burns the gas half of coal and saves the waste chimney heat of other stoves, saving one-half. Burns any kind of fuel without changing the stove in any way. Get one in your house now. There will be many a chilly morning and evening before real cold weather, and Cole's Hot Blast will warm things up and dry up the dampness with a few newspapers, a handful of kindling or a few cobs. Read carefully the interesting description of this stove given below. It tells why Cole's Hot Blast Stove makes \$5.00 worth of fuel do more work than can be had with \$10.00 worth in any other stove.

FURNACE USERS. By purchasing one of these stoves for use during the early cold weather, you can start your furnace two months later and save from one to five tons of coal. This will also prevent over-heating your house during the early cold weather which is unavoidable with a furnace.

For Soft Coal, Hard Coal, Coke and Wood

Cost of Stove Saved in Fuel

In an ordinary coal stove, half of the coal arises in gas and quickly goes up the chimney. When you remember that gas is itself fine fuel, being used in all the large cities for cooking, heating, and lighting, you realize how much is saved if the gas doesn't escape, but is held in the stove and burned.

Your old leaky stove does not give you a warm house at night and is usually out on the coldest morning and your house is cold for half the day.

Notice in this picture of Cole's Hot Blast how the draft burns the gas. It discharges a blast of highly heated air over and through the body of the fuel, thus distilling the gas from the fuel, oxidizing and burning it before its escape up the chimney and saving one half.

Read the Guarantee

Cole's Hot Blast is air-tight and guaranteed to remain so. Imitations open at the seams and leak at the joints. Cole's Hot Blast is so perfect in construction that fire keeps all night. Both the gases and heat lost up the chimney with your old leaky stove are saved, and when the draft is opened in the morning the stove will burn one to three hours with the fuel put in the night before. No other stove does this. Fire, therefore, never goes out, and the rooms are kept at even temperature all the time.

Guarantee

- 1.—We guarantee a saving of one-third in fuel over any lower draft stove of the same size.
- 2.—We guarantee Cole's Hot Blast to use less hard coal for heating a given space than any base burner with same heating surface.
- 3.—We guarantee that the rooms can be heated from one to two hours each morning, with the soft or hard coal put in the evening before.
- 4.—We guarantee that the stove will hold fire with soft coal thirty-six hours, without attention.
- 5.—We guarantee a uniform heat day and night, with soft coal or hard coal, lignite or slack.
- 6.—We guarantee every stove to remain absolutely air-tight as long as used.
- 7.—We guarantee the feed-door to be smoke proof and dust proof.

The above guarantee is made with the understanding that the stove be operated according to directions, and set up with a good flue.

Scientific Construction

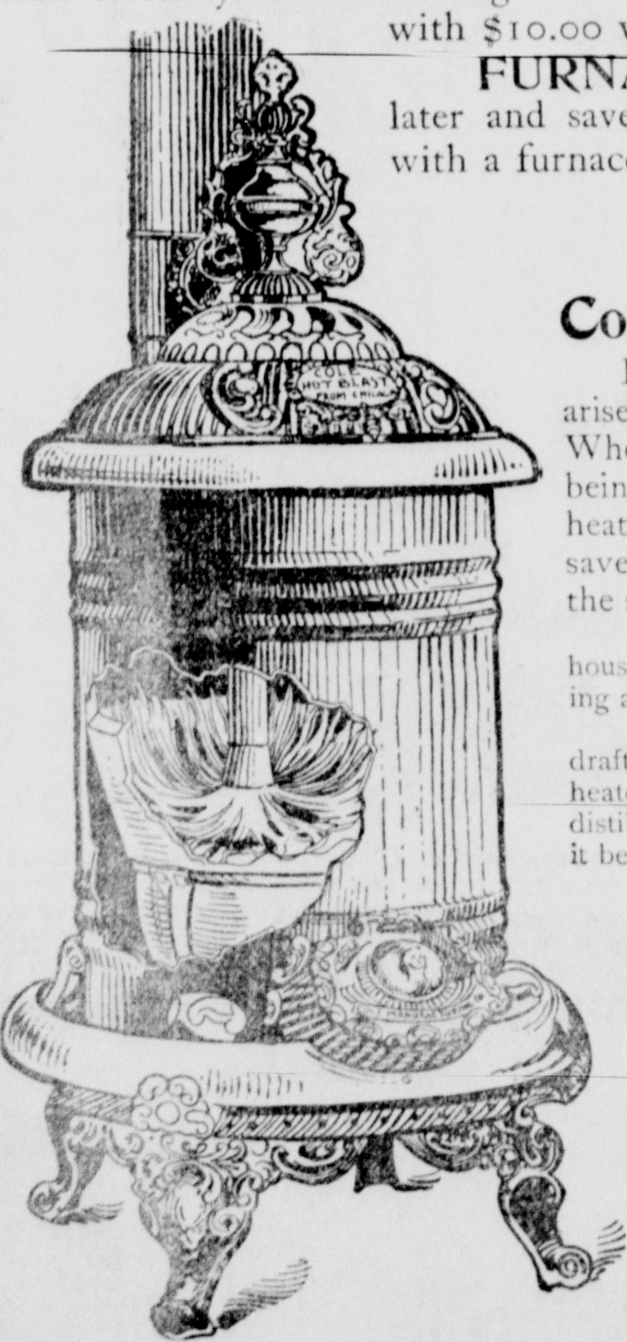

The accompanying cut will give you an idea of the large sensitive radiating surface which responds at once to the fire. The heavy cast iron fire box and the cast iron lining and steel lining extending to the top, protect the stove where other stoves burn out first. The patented steel collar connecting the elbow casting to the jacket, patented compound hinge for the ash door, the patented ball and socket joint for the blast draft, and the patented smoke proof feed door are features which combine to make Cole's Original Hot Blast a success where imitation stoves which cannot use these patented features are failures.

The Cost of the Stove and the Fuel to Run It This Winter will be Less than Your Last Winter's Fuel Bill. BUY NOW.

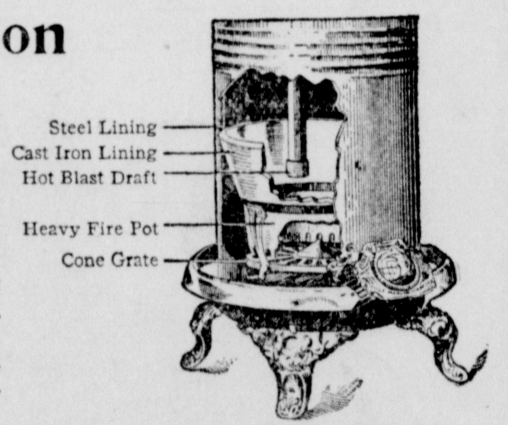

Even Heat Day and Night. Fire Never Out.

Caution:

The name "Cole's Original Hot Blast from Chicago" will be found on the feed door of each stove. Be sure and get the Original Hot Blast.
